The screenshot displays the Asana web application interface. The top navigation bar includes the Asana logo, a search bar, and links for 'Help' and 'Upgrade'. The left sidebar contains navigation options like 'Reports', 'Tasks I've Created', 'Tasks I've Assigned to Others', 'Recently Completed Tasks', 'Teams', and 'Executive'. The main content area shows a task list with categories: 'Today', 'Upcoming', 'Later', and 'No project'. The 'Upcoming' section lists several tasks, including 'Implement calendar api - assigned: Jake TBC' and 'get server running assigned: syrus, completed: Syrus'. The 'No project' section lists 'bug fix list' and 'set up server - assigned: Syrus, completed: Syrus'. A task detail view is open on the right, showing the task 'create database schemas - assigned: Jake, Completed: jake' with a description, creation time, and a comment section.
